

Funding the Future

A training programme for Funders

COMMISSIONED COURSE

This **4-day programme** provides a unique opportunity for those involved in the delivery of funding, through grant-making or awarding contracts, to gain a nationally recognised qualification. This up to date course is challenging, participative and thought-provoking covering areas such as:

- * Understanding the funding environment
- * Development of appropriate processes
- * Communication with applicants
- * Decision making
- * Update on current funding trends
- * The grant management process
- * Monitoring
- * Demonstrating your worth as a funder

Successful completion leads to 3 credits at Level 2 or 3 through the Open College Network. Workbooks completed during the course and work prepared at home between the first two days and the last, are assessed by the tutors and then checked by an independent moderator. Please note there is an element of producing hand-written material on all of the 4 days, although course material can be made available in alternative formats if this is requested prior to attending.

If you would like to register your interest for a place on this course or wish to discuss commissioning a programme please contact us with your details either via the online enquiry form on our website at www.cibsouthandwest.org.uk or by contacting Jonathan Baker (details below). Details of any scheduled courses will be provided on the Training pages of our website.
